

**STRONGBOW** (he/him) (any ethnicity): A deadly archer with a gift for magic, he is more likely to 'send' (communicate through magical thought-speak) than talk. Strongbow has intense values and is a proud father and lifemate. Loyal, but unafraid of challenging his chief when he feels it's necessary.

**SCRIPT SIDES:** Cutter and Strongbow watch their wolf companions tussle. Wolves SNAP at each other

CUTTER

(sending) Looks like a tussle among our companions.

STRONGBOW

(sending) Indeed. Briar-sting is giving Nightrunner a run for his money. Briar-sting can't take his eyes off Silvergrace, I'm thinking.

CUTTER

(sending) A shame for him.

Wolves roar, snap at each other, circle, Tussle. SNAP! SNAP! Of jaws, Nightrunner has pushed Briar-sting backwards and Briar-sting WHINES than retreats.

STRONGBOW

(sending) (chuckles) Upstart pup has no hope against the Alpha.  
(shrugs, then speaks to the rest of the group) Breakfast all! Come get your morning grub!
